## Senior Cloud Architect | Azure Platform & Security

✉ fadel.dabo@outlook.com  
📞 +33(0)6 2085 3235

Cloud & Security leader with 25+ years of experience driving large-scale Azure transformations for global and regulated enterprises.

Trusted advisor at C-level, combining deep technical expertise with governance, risk, and operating model design.

Proven track record in building cloud platforms, leading senior teams, and scaling cloud offerings across Europe.

Entrepreneurial mindset with strong business and delivery ownership.

## EXPERIENCES

### Senior Cloud Architect | CTO Azure Platform & Security

Scor & Cellenza - Since November 2024 - Freelancer - France

- ▶ Lead the modernization and governance of Azure environments for a global reinsurance group.
- ▶ Define and implement a multi-subscription architecture aligned with DORA, Zero Trust, and CAF/WAF frameworks.
- ▶ Drive governance (RBAC, tagging, landing zones) to improve compliance and cost efficiency.
- ▶ Partner with Microsoft to assess IaaS(+) vs. other PaaS services for modernization and performance.
- ▶ Delivered CTO-as-a-Service for 7 months at Cellenza (Msft Partner) managing 50+ architects/engineers, driving enterprise Azure transformations, platform strategy, 4 practices structuration and IP development (guides, landing zones).

### Entrepreneur

Sirteam Location - January 2023 to September 2024

- ▶ Founded and managed a short-term rental and property management business, overseeing strategy, operations, and finance for multiple properties in the Paris area.
- ▶ Implemented digital processes (automation, CRM, pricing) to increase efficiency and profitability.
- ▶ Executive MBA Dirigeant Entrepreneur from June 2023 to June 2024.

### Sr Program Architect EMEA

Microsoft - July 2022 to December 2022 - Full-time - EMEA

- ▶ Served as Sr Program Architect EMEA, supporting large enterprises on Azure platform and security strategy.
- ▶ Advised customers on cloud operating models, governance, and modernization approaches.

### Sr. Director, Regional Offering Lead MAPS

Avanade & Microsoft - 2020 to 2022 - Full-time - Europe

- ▶ Led the Modern Azure Platform Services MAPS offering for France, Belgium, and the Netherlands.
- ▶ Managed sales, delivery, and capability development across regional teams.
- ▶ Built strategic alliances with Microsoft and Accenture to drive Azure adoption and growth.

## SKILLS

### Information Technology

- ▶ Cloud Platforms: Azure (expert), AWS, GCP
- ▶ Architecture: IaaS / PaaS / Hybrid / Multi-Cloud, DevSecOps, FinOps
- ▶ Cloud-Native: Kubernetes, Docker, Azure DevOps, GitHub Actions
- ▶ Infrastructure as Code: Terraform, ARM, Bicep, YAML
- ▶ Security & Networking: Entra ID, Zero Trust, VPN, Firewall, ExpressRoute
- ▶ Management: Presales, Solution Architecture, Program Leadership

**Director, Lead Cloud Architect | Move To Cloud™ Regional Lead**

Capgemini - 2018 to 2020 - Full-time - EMEA

- Owned the Move to Cloud™ offering for Southern Europe, managing teams in France and India.
- Led multi-year Azure migration programs and modernization frameworks for enterprise clients.
- Engaged directly with C-level executives on strategic cloud transformation initiatives.

**Sr. Manager / Cloud Solution Architect**

Alten & Insight - 2013 to 2018 - Full-time - France

- Led Azure cloud architecture missions for enterprise clients across Alten and Insight, focusing on application modernization, cloud migrations, and platform security.
- Served as Cloud Solution Architect defining target architectures (IaaS/PaaS), technical scoping, stakeholder coordination, and team guidance throughout project lifecycle.
- Delivered consulting services (cloud assessments, roadmaps, recommendations) and hands-on implementation (landing zones, identity, networking, business continuity).
- Collaborated with cross-functional teams to ensure architectural alignment, risk mitigation, and successful Azure platform delivery.

**IT Architect**

Devoteam - 2007 to 2013 - Full-time - Paris area - France

- Architected complex IT solutions and migration strategies foundational for enterprise infrastructure, focusing on performance engineering, security implementation, and operational resilience.
- Provided senior technical expertise through architecture reviews and best practices, building progression from engineering implementation to strategic architecture leadership.

**IT Engineer**

Ares - 2001 to 2007

Delivered hands-on IT engineering implementing enterprise infrastructure (servers, networking, virtualization, security hardening).
