

Fadel Dabo

46 years old

Principal Cloud Architect | CTO Azure Platform & Security

✉ fadel.dabo@outlook.com
☎ +33(0)6 2085 3235

Cloud Leader with 25+ years of experience driving large-scale **infrastructure & Cloud transformations** across regulated and global enterprises.

Proven **expertise in designing** cloud operating models, leading high-performing teams, and defining modernization strategies aligned with business outcomes.

Entrepreneurial mindset with a passion for technology, security, and building trusted partnerships across C-level stakeholders.

EXPERIENCES

Sr. Cloud Architect

SCOR - Since May 2025 - Freelancer - France

- Lead the modernization and governance of Azure environments for a global reinsurance group.
- Define and implement a **multi-subscription architecture** aligned with DORA, Zero Trust, and CAF/WAF frameworks.
- Drive governance (RBAC, tagging, landing zones) to improve compliance and cost efficiency.
- Partner with Microsoft to assess **IaaS(+) vs. other PaaS services** for modernization and performance.
- Optimize cloud spend and resilience through FinOps and infrastructure rightsizing initiatives.

CTO Azure Platform & Security

Cellenza - October 2024 to April 2025 - Full-time - Paris - France

- Structured and led the **Cloud Platform, Cloud Native, DevOps, and Security** practices.
- Managed a team of 50 consultants, setting vision, delivery excellence, and upskilling programs.
- Drove Azure transformation projects (AKS migration, Entra ID governance, FinOps, Zero Trust).
- Conducted executive workshops with major clients to define cloud roadmaps.
- Strengthened Cellenza's technical reputation and partnership alignment with Microsoft.

Entrepreneur

Sirteam Location - January 2023 to September 2024

- Founded and managed a short-term rental and property management business, overseeing strategy, operations, and finance for multiple properties in the Paris area.
- Implemented digital processes (automation, CRM, pricing) to increase efficiency and profitability.

Sr. Principal, Program Architect @Microsoft

Microsoft - June 2022 to December 2022 - Full-time - EMEA

- Supported enterprise clients in defining and executing Azure modernization roadmaps.
- Delivered **architecture frameworks and governance guidance** for secure PaaS and container adoption.
- Advised C-level stakeholders on **FinOps, resilience, and compliance best practices**.
